Subject: RE: Face to Face meeting in WI to discuss LUST program

Judy,

I'm following up to a voicemail message that I just left you. We are reconsidering the timing and scope of the meeting that we had planned with you. As much as it makes sense to talk about LUST issues from a programmatic and grants perspective, we think we have the need to check in with you about Tower Standard as well. We know that this likely involves different people. Michael Harris, the deputy director would like to attend from our side. Still, we were hoping to focus on programmatic and grants matters generally and talk at a macro level about Tower standard too.

Could we have such a meeting the week of December 14th?

Sherry

Subject: RE: Face to Face meeting in WI to discuss LUST program

Sherry,

We are open to a meeting in Madison or Chicago. I anticipate Duane Klein and I will be the primary participants. We could meet in December or January. December 16th, 21st, 22nd, 28th or 29th would likely work. Many more options would be available in January. I look forward to meeting with you.

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Subject: Face to Face meeting in WI to discuss LUST program

Judy,

At the recent WDNR – EPA end of year discussion, Gary Victorine recommend that key program and grant staff and managers from EPA meet with you and your staff to discuss LUST program status and ways to improve communication between the two agencies on program and grant matters. I would like to start planning for such a meeting. While I check availability with EPA staff here, I wanted to check in with you to see when you can have such a meeting and where you would prefer to meet.

Could you get back to me on this. I appreciate your attention to this. Thanks.

Sherry
